OVERVIEW

Although Enactus is a team-based program, we know that no Enactus team exists solely on its own. Each successful team can count a long list of individuals who have contributed time, energy, and creativity to their cause. This is why Enactus Canada has established several awards to provide teams the opportunity to earn national recognition, from both a team perspective and an individual one.

Each award has its own entry format. All submissions are reviewed, and recipients are selected by a panel of judges. Participation at the Enactus Canada National Exposition is required to submit entries. All recipients of these individual awards will be invited to receive their awards and be recognized at the Enactus Canada National Exposition.

DEADLINES

All completed nominations and applications are due **Friday, March 28th, 2025, at 11:59 pm ET**, unless stated otherwise.

SPECIAL NOTES

Application-Based Awards - All nominations and applications must be submitted electronically through the Registration & Reporting platform.

Recognition-Based Awards – There are no nominations or applications needed for these awards.

SUBMISSION DETAILS

All submissions must be done through the Registration & Reporting (R&R) platform.

If you have any questions, please reach out to your Program Manager.

NOMINATION-BASED AWARDS
